To prepare this simple and quick Thermomix recipe for delicious cookies:

Preheat the oven to 200°C

Meanwhile, place the flour, granulated sugar, butter, salt, and egg in the Thermomix bowl, then program it for 3 minutes on the kneading function.

»

Form a ball with the dough.

Â

Let it rest for about 1 hour.

»

Roll out the dough to a thickness of about 0.5cm. You can use a rolling pin or the palm of your hand to do this.

»

Cut out the dough into circles using a cookie cutter or a glass, and place them on parchment paper.

»

Bake the cookies for about 10 minutes.

Allow them to cool, peel them off the parchment paper, and enjoy your Thermomix cookies. Indulge in each delicious cookie. Yum !
