Cook a delicious Thermomix marshmallow recipe:

»

Put the granulated sugar in the Thermomix bowl, close the bowl and press the turbo mode 3 times to make powdered sugar.

Â

Add the cornstarch and mix for 20 seconds on speed 3.

»

Take 4 tablespoons of sugar from the Thermomix bowl and set it aside in a separate bowl.

»

Add the egg whites, insert the whisk and set for 6 minutes at 90°C on speed 3.

Â

After 2 minutes, add the gelatin and strawberry syrup.

Âx

After the 6 minutes of cooking, add the red food coloring and set for 20 seconds on speed 4.

»

Use the sugar and cornstarch mixture to coat the mold.

A۶

Pour the mixture into the mold and refrigerate for 3 hours.

Âx

Once the mixture has set, remove it from the mold and cut into 3 cm cubes.

Â۶

Sprinkle with the remaining powdered sugar and cornstarch.

Enjoy these delicious and tasty marshmallows with friends, and grill them on skewers over a flame, on a barbecue, a campfire, or simply with a lighter flame. Yum;)
